

To Whom It May Concern:

Arya Rasana Tadbir Co., one of the biggest companies working as an ICP/ISP in different cities such as Tehran, Tabriz and Karaj, working in Dialup, ADSL and broadband services, also qualified for PAP project and working on it, is looking for professionals with the following specifications to take care of the software projects on the companies' software department.

The following qualifications are required (or would be at a higher priority):

1. Team working skills
2. Working experience in Software engineering (Analysis and Design), also familiar with UML and RUP
3. Familiar with networking concepts (The softwares to be developed/optimized are all related to networking (dialup/broadband/ADSL)
4. Familiar with Java, J2EE, Jboss and Tomcat
5. Familiar with Unix and/or Unix based operating systems and platforms
6. Working experience in database designing and implementation (having the experience of working with SQL would be necessary, experience in working with Oracle 9i or 10g would be at a higher priority.)
7. Having enough time to work full time.

If you are interested please send your CV and contact information to me as soon as possible. The deadline for submitting the CVs would be on Wednesday October 6th (Mehr 15th) 1:00 PM. The warm up period for the project will start from Saturday October 9th (Mehr 18th) and would take about 1 month.

If you needed more information which is not provided here please do not hesitate to call me. I will be available every day from 9 AM to 5 PM (except on Tuesday which I will be available after 1 PM) before the deadline. The location city of working would be necessarily Tehran.

Please feel free to forward this email to your friends that you think might be interested.

Regards,

N. Mafi
