

CALL FOR PAPERS

8th Karlsruhe Workshop on Software Radios March 12/13, 2014

KIT's Communications Engineering Lab cordially invites you to contribute to the **8th Karlsruhe Workshop on Software Radios** that will be held in Karlsruhe, Germany, on March 12/13, 2014. Our series of biennial symposia brings together engineers from industry, governmental agencies and universities around the world to discuss latest developments and evolutions in the area of Software Radios.

The workshop welcomes original contributions to research and development in the field of Software Radio technology. Prospective authors are invited to submit technical papers of their previously unpublished work. Demonstration-only contributions are also welcome.

Topics of interest include (but are not limited to):

- **antennas,**
- **radio frontend architectures,**
- **analog to digital conversion,**
- **hardware and baseband processing,**
- **cognitive radio and cognitive networks,**
- **dynamic spectrum access,**
- **green radio communications,**
- **regulation and standards.**

Please send your one page abstract to wsr@cel.kit.edu and keep in mind the workshop's deadlines:

Submission of abstracts

Notification of acceptance
Camera-ready papers due

November 24, 2013

December 20, 2013
January 26, 2014
